Viewing and Adding a Prescription

Step 1

From the main Denticon window, use the **Search Patient** field to type in the patient's last name followed by the first name (separated with a comma e.g., Adams, Aaron), then hit enter. This will open the patient's record.

The screenshot displays the Denticon software interface. The top navigation bar includes menu items: Scheduler, Patient, Transactions, Charting, Reports, Utilities, Setup, Help, My Page, Logout, Office, and Smile Solutions [100]. Below the navigation bar is a toolbar with various icons. A search field labeled "Search Patient..." is highlighted with a red box. The main content area is divided into sections: "MY TASKS" with a table of tasks, "ANNOUNCEMENTS" with news and blog posts, and "TICKLER" with a table of messages.

Task Name	Overdue	Due Today	Due 7 Days
Outstanding Claims	0	0	0
Patient AR Follow-Up	0	0	0
Outstanding Pre-Auths	0	0	0

FROM	SUBJECT	PHONE	POST DATE	CREATED DATE
Jenny L	Please call Regi	849-333-2184	09/13/2022	09/13/2022

Step 2

In the patient's record, click the **Rx** icon to view a list of prescriptions previously provided by your office.

The screenshot shows a patient record dashboard. At the top, there is a navigation bar with icons for various functions. The 'Rx' icon, representing prescriptions, is highlighted with a red circle. Below the navigation bar, there is a patient information section with fields for Patient ID, Home Office, Chart #, First Visit, Last Visit, Fee Schedule, Provider, Hygienist, Referral Type, Referred By, Referred To, and Last Perio Chart.

Step 3

Click **Add New** to create a new prescription.

The screenshot shows the 'Prescriptions' section of a patient record. The patient information is displayed at the top, including Patient Name (Adams, Aaron), Birth Date (4/19/1984), and ID (145). Below this is a 'Prescription List' table with columns for Rx ID, Rx Date, Drug Name, Dispense, SIG, Refill, and Provider. The list contains two entries: one for Peridex (1 Bottle) and one for Prevident (1 Tube (2 Oz)). Below the list is an 'Edit Prescription' form with fields for Prescription Date, Drug Name, Dispense, and SIG. At the bottom right, there are buttons for 'Print (All today's Rx)', 'Print', and 'Add New'. A red box highlights the 'Add New' button.

Rx ID	Rx Date	Drug Name	Dispense	SIG	Refill	Provider
103	6/10/2022	Peridex	1 Bottle	Rinse And Spit BID	1	LING
102	2/10/2022	Prevident	1 Tube (2 Oz)	Use Once Daily As Directed	0	LING

Note: Selecting the **i** icon (for Quick Patient Info) in the patient's dashboard will show any Medical Alerts on the patient's record.

Step 4

From the drop-down list, select the prescribing **Provider**.

Note: It is important to select the prescribing Provider prior to saving as this cannot be modified afterwards.

Step 6

Denticon automatically populates the default **Dispense**, **Sig**, and **Refill** fields for the chosen drug. However, these are editable and can be changed. If substitutions are not allowed, ensure **Dispense As Written** has been checked.

The screenshot displays the Denticon software interface. At the top, there is a navigation bar with various icons and a search bar. Below this is a patient information section for 'Adams, Aaron', including contact details and medical history. The main area shows a 'Prescription List' table with columns for Rx ID, Rx Date, Drug Name, Dispense, SIG, Refill, Provider, DoseSpot?, Med Status, Source Status, and Rx Sta. Two prescriptions are listed: one for Peridex (Rx ID 103) and one for Prevident (Rx ID 102). Below the list is the 'Edit Prescription' form, which is currently populated with details for the Peridex prescription. The 'Dispense' field is set to '1 Bottle', the 'Sig' field is 'Rinse And Spit BID', and the 'Refill' field is '1 times'. The 'Dispense As Written' checkbox is checked. The 'Provider' field is set to 'LOPEZC : Lopez, Carlos DDS'. At the bottom of the form are 'Save' and 'Cancel Add New' buttons.

Step 7

Check the information carefully before clicking **Save**.

Note: Any Prescription Notes will be printed on the prescription. Internal notes will not print. Once saved, the prescription cannot be modified or deleted.

A new prescription will be added and saved.

The screenshot shows the Denticon software interface for adding a new prescription. The top navigation bar includes menus for Scheduler, Patient, Transactions, Charting, Reports, Utilities, Setup, Help, My Page, Logout, and Office. The patient information section displays details for Aaron Adams, including his phone numbers, birth date (4/19/1984), and ID (145). The prescription list table shows two existing prescriptions: one for Peridex (Rx ID 103) and one for Prevident (Rx ID 102). The edit prescription form is open, showing fields for Prescription Date (7/8/2022), Drug Name (Peridex), Dispense (1 Bottle), Sig (Rinse And Spit BID), and Refill (1 times). The 'Save' button is highlighted with a red box.

The screenshot shows the Denticon software interface. At the top, there is a navigation bar with menus: Scheduler, Patient, Transactions, Charting, Reports, Utilities, Setup, Help, and My Page. Below this is a toolbar with various icons. The main content area is titled 'Prescriptions' and displays patient information for Aaron Adams, including his phone number, birth date, and ID. Below the patient info is a 'Prescription List' table with columns for Rx ID, Rx Date, Drug Name, Dispense, SIG, and Refill. The list contains three entries: 104 (Peridex, 1 Bottle, Rinse And Spit BID, 1 Refill), 103 (Peridex, 1 Bottle, Rinse And Spit BID, 1 Refill), and 102 (Prevident, 1 Tube (2 Oz), Use Once Daily As Directed, 0 Refill). Below the list is an 'Edit Prescription' form with fields for Prescription Date, Drug Name, Dispense, Sig, and Refill. At the bottom of the form, there are buttons for 'Strike-off', 'Quick Print (All today's Rx)', 'Print', and 'Add N'. The 'Quick Print' and 'Print' buttons are highlighted with red boxes, and red lines connect them to the explanatory text on the right.

102	2/10/2022	Prevident	1 Tube (2 Oz)	Use Once Daily As Directed	0

Option 1

Use the **Quick Print** button to print all of the prescriptions entered for this patient today.

Option 2

Click the **Print** button and choose to print one of the following:

- The highlighted item
- Only the checked prescription items from the patient's prescription list
- All prescriptions entered for this patient today

The prescription(s) have now been printed and are ready for the provider's signature.

ePrescribing

Step 1

After clicking the **Rx** icon from the patient's record, select the **ePrescribe** button to open the electronic prescription application.

Note: The ePrescribe button is only active if an office subscribes to electronic prescriptions.

The screenshot shows the Denticon software interface. At the top, there is a navigation bar with menus like 'Charting', 'Reports', 'Utilities', 'Setup', 'Help', 'My Page', 'Logout', and 'Office'. Below this is a toolbar with various icons, including a red 'Rx' icon. The main area displays patient information for 'Smile Solutions [100]', including birth date (4/19/1984), age (38 / M), and provider (Adams, Aaron). A table of prescriptions is shown below, with columns for Dispense, SIG, Refill, Provider, DoseSpot?, Med Status, Source, Status, Rx Status, Rx CUI, and Formulary. At the bottom, there is a 'Dispense As Written' section with a grid for notes and a row of buttons: 'Strike-off', 'Quick Print (All today's Rx)', 'Print', 'Add New', 'Save', 'Cancel', and 'ePrescribe'. The 'ePrescribe' button is circled in red.
